

XI. Programs of Study

Degree Requirements

Students interested in any of the following degree programs should contact the school/department offering the program or the Office of Student and Academic Services, Room 123, Atkinson, 416-736-5222.

General Education Requirements:

The following general education requirements are required in all Atkinson degree programs, and consist of 24 credits at the 1000 level to be taken within the first 42 credits taken at Atkinson as follows:

- six credits from humanities at the 1000 level
- six credits from modes of reasoning or mathematics at the 1000 level (see note 2)
- six credits from natural science at the 1000 level (see note 3)
- six credits from social science at the 1000 level

Note 1: No more than 30 general education credits will count towards a degree.

Note 2: Some degrees and majors require AK/MATH 1710 6.0 (i.e. BAS; BHRM; BHS; BSc; BA in computer science, information technology, mathematics, public administration and management.)

Note 3: Students who have successfully completed humanities, social science and mathematics/modes of reasoning may take a 2000- or 3000-level science and technology studies (STS) course to fulfill the natural science general education requirement.

Note 4: 1000-level general education courses do not fulfill major or elective requirements. Major/elective courses do not fulfill general education requirements.

Note 5: Students entering the BHRM or BHRM (Honours) program with 42 credits or more may replace the social science 1000-level (six credits) general education course with an upper-level social science course (six credits).

Note 6: For BSW (Honours) direct entry, BHRM and BHRM (Honours) degrees, 24 general education credits noted above or 24 credits in accordance with the Faculty of Arts general education requirements as follows: nine credits at the 1000-level social science or humanities, six credits at the 1000-level natural science and nine credits at the 2000 level social science or humanities. (Students who take a nine-credit humanities at the 1000 level must then take a nine-credit social science at the 2000 level or vice versa). Note: For BHRM, AK/MATH 1710 6.0 is required for those students who have not completed an OAC mathematics course or its equivalent.

Exception: Students who have successfully completed a Faculty of Arts nine-credit foundations course at the 1000 level will be recognized as having satisfied six credits of course work in the corresponding Atkinson general education area of study and three credits of course work in an elective or equivalent area of their degree program.

Note 2: Certified Human Resources Professional (CHRP) certification requirements have been changed. During the transition period, students who have started their course work can take the current route (Tier 1 and Tier 2) to certification based on the current degree/certificate programs offered by the School of Administrative Studies. Please be advised that the last exam date offered by Human Resources Professionals of Ontario (HRPAO) is September 2004 for this cohort of students. Current students also have the option of certifying under the new certification process, as of March 2003. Entering HRM program students must take the nine courses necessary for certification as a CHRP. Refer to www.hrpaoo.org for the requirements for the CHRP.

Note 3: Under the current certification system, which will end in 2004, to get credit for a course towards CHRP, HRPAO requires a minimum grade of 70 per cent, except finance and accounting, where the minimum is 60 per cent. Under the new certification process, HRPAO requires an average of 70 per cent with the lowest acceptable grade in any required course of 65 per cent.

(v) Marketing Option: 66 credits - The compulsory courses plus:

- Required courses: AK/ADMS 3200 3.0; AK/ADMS 3300 3.0;

- AK/ADMS 4250 3.0; AK/ADMS 4260 3.0;
- 18 credits in marketing to be chosen from any AK/ADMS marketing course (starting with the number 42);
- six credits from any 4000 level administrative studies courses.

BAS in Information Technology (pending Senate approval):

BAS (General Honours): 120 credits

1. 120 credits including:

(a) General Education: 24 general education credits (see General Education in the Degree Requirements section).

Note: Students should refer to the Courses of Instruction section of information technology course prerequisites.

(b) Major: 96 credits including:

Compulsory information technology and mathematics - 45 credits

- AK/AS/ITEC 1010 3.0; AK/AS/ITEC 1011 3.0; AK/AS/ITEC 1620 3.0, AK/AS/ITEC 1630 3.0; AK/AS/ITEC 2010 3.0; AK/AS/ITEC 2620 3.0; AK/AS/ITEC 3210 3.0; AK/AS/ITEC 3220 3.0; AK/AS/ITEC 3230 3.0; AK/AS/ITEC 4010 3.0*; AK/AS/ITEC

4020 3.0*; AK/AS/ITEC 4030 3.0*; AK/AS/MATH 1190 3.0; AK/AS/MATH 2320 3.0 and AK/AS/SC/MATH 2560 3.0.

Note: * indicates differences from Atkinson BA information technology requirements.

Administrative Studies courses - 51 credits

- 27 credits as follows: AK/ADMS 1000 3.0; AK/ECON 1000 3.0; AK/ECON 1010 3.0; AK/ADMS 2400 3.0; AK/ADMS 2500 3.0; AK/ADMS 2510 3.0; AK/ADMS 3320 3.0; AK/ADMS 3900 3.0; AK/ADMS 4900 3.0;
 - 24 administrative studies credits may be chosen from any 3000 or 4000 level administrative studies courses for which the student has the prerequisites or permission of the program coordinator. Of these credits, nine must be at the 4000 level. Areas of study include accounting, business research, general management, human resources and marketing. For example, students interested in accounting could take the following courses: AK/ADMS 3330 3.0, AK/ADMS 3510 3.0, AK/ADMS 3530 3.0, AK/ADMS 3585 3.0, AK/ADMS 3595 3.0, AK/ADMS 4515 3.0, AK/ADMS 4520 3.0, AK/ADMS 4530 3.0 and AK/ADMS 4570 3.0.
2. **Upper Level Courses:** Of the 120 credits in the degree, at least 48 credits in the degree must be at the upper level (3000 or above), and 18 of these must be at the 4000 level.
 3. **Residency Requirement:** At least 30 credits not used toward another academic program are to be taken at York University. Half the major credits must be taken through Atkinson.
 4. **Graduation:** Students must pass at least 120 credits that meet Atkinson degree and program requirements. The cumulative grade point average for all courses must be at least 5.0 and the major grade point average 5.5.

The following notes apply to BAS and BAS (Honours) programs:

Note 1: Students are required to have access to a personal computer for several of the school's courses. Notice of such a requirement is indicated in the individual course outlines available at registration. The minimum configuration required is a PC capable of running the Windows 95 operating system. Some courses (in particular the section Q courses) also require an Internet link. For students who do not have their own computers, there are a limited number that can be used in York University drop-in microlabs.

Note 2: Students may take one of the following courses as an acceptable alternative to a major course in administrative studies. These courses do not count as electives outside the administrative studies major.

- AK/PHIL 3560 3.0 Business Ethics
- AK/PHIL 3570 3.0 Ethics of Administration
- AK/PHIL 3600 6.0 Health Ethics
- AK/AS/SC/PSYC 3570 3.0 (formerly AK/PSYC 3230 3.0) Organizational Psychology
- AK/SOCI 3392 6.0 Work, Employment and Unemployment

Note 3: On management science courses: AK/ADMS 3320 3.0 is not open to students who have taken AK/MATH 2720 3.0, AK/MATH 1720 6.0, AK/ECON 3470 3.0. Students who have completed AK/MATH 1720 6.0 should replace AK/ADMS 3320 3.0 by another three credit 3000-level or 4000-level administrative studies course. AK/AS/SC/MATH 2570 3.0 is equivalent to AK/ADMS 3320 3.0; AK/MATH 2730 3.0 (cross-listed to: AK/ADMS 3330 3.0). Students are advised when choosing management science courses to consult individual course prerequisites and Honours options. (Students are also advised that only six credits in this area will count in the bachelor of administrative studies (Honours) degree.)

Note 4: 4000-level courses are open only to students in the Honours program, except for certain courses included within certificates where there is a B grade requirement on prerequisite courses. Any student may take these courses provided requirements are met.

Note 5: Students are recommended to consider, when choosing their elective courses, the following courses in related disciplines through the School of Social Sciences: AK/POLS 3410 6.0, AK/POLS 3420 6.0, AK/POLS 4100 6.0.

Note 6: Atkinson courses are recognized towards certification in a number of professional programs.

Note 7: Students of professional associations should note that Atkinson Faculty degree requirements must be followed. Those who wish to combine a degree and professional designation or otherwise take courses at Atkinson, in accordance with Atkinson Faculty requirements, are advised to obtain full details from the organizations involved which include:

Contact: Michael Herren

Program Requirements**BA: 90 credits**

Major: 48 credits for options a) and b); 42 credits for option c) and d).

18 credits at the 3000 level or above in the theme area are required in all four options. Interested students should consult the coordinator about their selection of courses. For a BA degree, students may do one of the following options (a, b, c or d):

a) Greek: AK/GK 1400 6.0, plus at least 18 credits in classical Greek above the 1000 level, plus at least 12 credits from the following (*note: a minimum of 30 credits must be in the language area*).

Latin: AK/LA 1400 6.0, AK/LA 3410 6.0, AK/LA 3420 3.0/AK/LA 3420 6.0, AK/LA 4000 3.0/AK/LA 4000 6.0, AK/LA 4010 3.0/AK/LA 4010 6.0;

History: AK/HIST 3500 6.0, AK/HIST 3530 6.0;

Humanities: AK/HUMA 2330 6.0, AK/HUMA 3430 6.0, AK/HUMA 3455 6.0, AK/HUMA 3530 6.0;

Philosophy: AK/PHIL 3410 6.0;

Visual Arts: AK/VISA 3380 6.0, AK/VISA 4400 6.0, AK/VISA 4440 6.0.

b) Latin: AK/LA 1400 6.0, plus at least 18 credits in Latin above the 1000 level, plus at least 12 credits from the following (*note: a minimum of 30 credits must be in the language area*):

Greek: AK/GK 1400 6.0, AK/GK 2410 6.0 (cross listed AS/GK 2000 6.0); AK/GK 2420 6.0, AK/GK 4000 3.0/AK/GK 4000 6.0, plus any of the history, humanities, philosophy, or visual arts courses listed in a).

c) Hellenic Studies: AK/GK 1400 6.0; AK/GK 2410 6.0 or AK/GK 2420 6.0; AK/GK 2430 6.0; AK/GK 3420 6.0 or AK/GK 3430 6.0; AK/GK 3440 6.0; AK/GK 3450 6.0.

d) Latin and French: AK/LA 1400 6.0; plus 12 credits in Latin at the 3000 level or above and 18 credits in French, including six credits at the 3000 level.

Students should consult the coordinator about directed reading courses and special topic seminars.

Students wishing to enter a General Honours program with a classical studies theme should take note of the requirements. Those intending to do graduate work in the field of classical studies should note that most universities require proficiency in both Greek and Latin.

Note 1: The central courses for this program are described under the headings Greek and Latin.

Note 2: Students who have absolutely no background in Greek should contact the program coordinator of classical studies before enrolling in courses.

Computer Science**Department of Computer Science**

Contact: John Amanatides

Prerequisites for the first course in the computer science major: One of (1) – (4) must be met:

1. (New high school curriculum): Advanced functions and introduction calculus, and geometry and discrete mathematics with a minimum mathematics average of 75 per cent and no mathematics grade below 65 per cent.

2. (Old high school curriculum): OAC calculus and one other OAC mathematics (normally finite mathematics or algebra and geometry) with an average grade of 75 per cent in all OAC mathematics and no grade less than 65 per cent.

3. Completion of six credits from York University mathematics courses (not including AK/MATH 1710 6.0 or courses with second digit 5) or equivalent with a grade of 5.0 (C+) or better over these credits.

4. Completion of AK/MATH 1710 6.0, or six credits from York University mathematics courses whose second digit is 5, with an average grade not below 7.0 (B+).

The department general prerequisite cumulative grade point average over all computer science courses must be met to proceed in the program. All 2000 level and above computer science courses have general prerequisite requirements that must be met before proceeding to the next level of study. Please refer to the departmental supplementary calendar for further program details.

A maximum of two 2000 level computer science courses in one term, three 3000 or 4000 level courses, is permitted. In the summer term, students are not permitted to take more than six credits in computer science. If any student enrolls in more than the allowed number of courses per term they will be removed from whichever courses the department requires the space. The department also reserves the right to move students from a course in one term to the same course in the next term should such steps be necessary to ensure equitable access to courses. This includes movement from fall to winter or winter to summer.

All degree candidates must also satisfy the general education, elective, upper-level and science course requirements of Atkinson, as described.

All Honours degree candidates must complete at least 30 credits which are neither computer science nor mathematics.

Economics (see also Business Economics)

School of Analytic Studies and Information Technology

Coordinator: Helmar Drost

The School of Analytic Studies and Information Technology offers courses leading to a BA degree in economics at the BA and BA Honours levels, and BA in business economics. Within the BA degree program, certain courses may be packaged to constitute one of the following areas of concentration: industrial economics, applied research methods for business economics, industrial relations and public policy. Students interested in pursuing a specific area of concentration are advised to consult with the coordinator of economics regarding their study plans.

Program Requirements

BA: 90 credits

Major: 42 credits in economics including:

AK/ECON 1000 3.0, AK/ECON 1010 3.0, AK/ECON 1530 3.0, AK/ECON 1540 3.0, AK/ECON 2300 3.0, AK/ECON 2350 3.0, AK/ECON 2400 3.0, AK/ECON 2450 3.0; AK/ECON 3470 3.0, AK/ECON 3480 3.0 or AK/ECON 3210 3.0.

BA (Specialized Honours): 120 credits

Major: 60 credits in economics including:

AK/ECON 1000 3.0, AK/ECON 1010 3.0, AK/ECON 1530 3.0, AK/ECON 1540 3.0, AK/ECON 2300 3.0, AK/ECON 2350 3.0, AK/ECON 2400 3.0, AK/ECON 2450 3.0, AK/ECON 3470 3.0, AK/ECON 3480 3.0 or AK/ECON 3210 3.0, plus 30 credits in economics, of which 18 credits must be at the 4000 level.

BA (General Honours): 120 credits

Major: 90 credits including:

66 credits in economics including AK/ECON 1000 3.0, AK/ECON 1010 3.0; AK/ECON 1530 3.0 and AK/ECON 1540 3.0; AK/ECON 2300 3.0 and AK/ECON 2350 3.0; AK/ECON 2400 3.0 and AK/ECON 2450 3.0; AK/ECON

3470 3.0, AK/ECON 3480 3.0 or AK/ECON 3210 3.0. 12 credits in economics must be at the 3000 level and 12 credits in economics must be at the 4000 level. From related disciplines, chosen in consultation with the coordinator of Economics, an additional 24 credits are required. Of these courses six credits must be at the 4000 level and 18 credits at the 3000 level.

Areas of Concentration in Economics

Note: Unless stated otherwise, students wishing to pursue an area of concentration in economics should select the balance of their courses in the major (i.e. beyond what is specified for the degree requirements) from the courses listed under that area of concentration.

Concentration in Industrial Economics

This concentration is suitable for students who wish to relate the techniques of economic analysis to applied business problems.

BA: 90 credits

Major: 42 credits including:

The 30 credits required for the BA economics degree listed above, plus 12 credits selected from the list of economics courses for the industrial economics concentration, see below.

Prerequisite to the concentration in industrial economics: AK/ADMS 1000 3.0.

BA (General Honours): 120 credits

Major: 90 credits including:

54 credits including those required for the general Honours economics degree, AK/ADMS 1000 3.0 and AK/ADMS 1500 3.0 or AK/ADMS 2500 3.0, and 12 credits selected from courses in the list below, of which at least six credits must be at the 4000 level. From related disciplines, chosen in consultation with the coordinator of economics, an additional 24 credits are required. Of these courses six credits must be at the 4000 level and 18 credits at the 3000 level.

Courses for the Concentration in Industrial Economics:

Administrative studies: AK/ADMS 1500 3.0, AK/ADMS 2510 3.0, AK/ADMS 3570 3.0, AK/ADMS 4930 6.0.

Computer science: AK/AS/SC/COSC 1520 3.0 and AK/AS/SC/COSC 1530 3.0, AK/AS/SC/COSC 3450 6.0.

Economics: AK/ECON 3411 3.0, AK/ECON 3430 3.0, AK/ECON 3440 3.0, AK/ECON 3490 3.0, AK/ECON 3570 3.0, AK/ECON 3580 3.0, AK/ECON 3600 6.0, AK/ECON 3750 3.0, AK/ECON 3760 3.0, AK/ECON 3800 3.0, AK/ECON 3810 3.0, AK/ECON 3820 3.0, AK/ECON 4040 3.0, AK/ECON 4090 6.0, AK/ECON 4120 3.0, AK/ECON 4130 3.0, AK/ECON 4160 3.0.

Concentration in Applied Research Methods for Business Economics

Focus on market-oriented experience in economic analysis, especially in the areas of econometric modelling, simulation techniques and applied business forecasting. Emphasis is on any mathematical and statistical training for further study in economics or business, beyond the BA.

Courses for the Concentration in Applied Research Methods for Business Economics:

AK/ECON 3411 3.0, AK/ECON 3210 3.0, AK/ECON 3490 3.0, AK/ECON 3810 3.0, AK/ECON 3820 3.0, AK/ECON 4120 3.0, AK/ECON 4130 3.0.

Concentration in Industrial Relations

Analysis of the institutions involved in the employment relationship, and the conceptual framework of the labour market and the industrial relations system in which it operates.

English

School of Arts and Letters

Coordinator: Kym Bird and Nanci White

Program Requirements

BA: 90 credits

Major: 30 credits in English including:

Three gateway courses (chosen from AK/EN 2010 3.0, AK/EN 2020 3.0, AK/EN 2030 3.0, and either AK/EN 2075 3.0 or AK/EN 2076 3.0). At least two of the three gateway requirements should be fulfilled within the first 12 English credits, and the third may be taken later. At the 3000 level, students must take 21 English credits including at least three credits from each of the three major periods:

1. Medieval and renaissance
2. 1660-1900
3. 20th century

Students should bear in mind that 12 credits in each of the three period areas are required to complete the Honours degree program. Therefore, students who plan to do Honours should take more than the minimum three credits from each major period during their BA studies.

BA (Specialized Honours): 120 credits

Major: 54 credits in English including:

Three gateway courses counting as nine credits (one of either 2075 3.0 or 2076 3.0 and six additional credits chosen from AK/EN 2010 3.0, AK/EN 2020 3.0, AK/EN 2030 3.0); 12 credits from each of the three major periods, and nine other English credits. Of these 45 credits, 18 credits must be taken at the 4000 level. Some humanities courses may be counted for major credit in English. Please check with the School of Arts and Letters office.

Fine Arts

As of Summer 2003, this program is no longer admitting students. Atkinson students who are interested in a degree program concentrating in the creative/fine arts areas of study should consider the BA Liberal Studies degree interdisciplinary theme in creative arts and cultural expression. The requirements listed below apply only to students who were enrolled in the program prior to Summer 2003.

School of Arts and Letters

Coordinator: Jay Rahn

Creative Arts Studies

The BA degree is a 90-credit BA degree in creative arts studies with an area of concentration in one of four fine arts disciplines: film, music, theatre or visual arts. A creative arts studies major consists of a minimum of 30 credits and a maximum of 42 credits in one fine arts area of concentration; plus six credits in fine arts outside the area of concentration. 18 credits in the area of concentration must be at the 3000 level or above.

Program Requirements

BA: 90 credits

Major (Concentration Film): 36 credits as follows:

30 credits in film including AK/FILM 2400 6.0 or AK/FILM 2430 6.0; plus six credits in fine arts outside film.

Major (Concentration Music): 36 credits as follows:

History

School of Arts and Letters

Coordinator: Madelyn Dick

The School of Arts and Letters offers history courses in a wide range of topics and periods. Students are encouraged to pursue a program of study that encompasses courses from a number of areas and eras. Students are also encouraged to consult with a faculty member in selecting their courses.

Prerequisite: One general education course.

Note 1: The history curriculum has been designed to make its courses accessible to non-majors who wish to study history as an elective. Students intending to major in history are advised to take their first history course at the 2000 level.

Liberal Studies

Contact: Students interested in the individualized liberal studies option should contact the Office of Student and Academic Services (OSAS) Tel: 416-736-5222, Fax: 416-736-5923

Students interested in other liberal studies themes should contact the appropriate school noted below.

The purpose of a BA liberal studies degree is to allow students to follow a program of studies of related courses which offers greater flexibility than a major program or that lies in an area for which there may not be a major program. Students in liberal studies individualized studies are advised to make an appointment with the Office of Student and Academic Services to discuss course selection and theme approval. The major program consists of at least 48 credits in a designated theme area, which form a coherent pattern of study, including at least 18 credits at the 3000 level or above. A liberal studies degree program may contain no more than 24 credits from any one academic discipline. Cross-listed courses may not be used to exceed 24 credits from any one discipline.

It is possible for students to take the equivalent of an Honours program in liberal studies if they enrol under general Honours. Students may initiate programs to suit particular interests. Students are advised to consult a

student advisor in Office of Student and Academic Services or program coordinator.

Individualized Studies

Contact: Office of Student and Academic Services (OSAS)

The purpose of a BA liberal studies individualized studies degree is to allow students to follow a program of studies of related courses which offers greater flexibility than a major program or which lies in an area for which there may not be a major program. Students may initiate their own programs to suit their particular interests. Students must make an advising appointment with the Office of Student and Academic Services to discuss course selection and theme approval.

Program Requirements

BA: 90 credits

Major: 48 credits as follows:

In consultation with the Office of Student and Academic Services, the major program consists of at least 48 credits in a designated theme area, which form a coherent pattern of study, including at least 18 credits at the 3000 level or above.

BA (General Honours) (Type A): 120 credits

Major: 66 credits as follows:

In consultation with the Office of Student and Academic Services, at least 36 credits in one major discipline including 12 credits at the 4000 level, and at least 30 credits in related disciplines including six credits at the 4000 level and 18 credits at the 3000 level. All 66 credits must form a coherent pattern of study.

BA (General Honours) (Type B): 120 credits

Major: 90 credits as follows:

In consultation with the Office of Student and Academic Services, at least 90 credits to form a coherent pattern of study including at least 18 credits at the 4000 level and 30 credits at the 3000 level.

Social and Political Thought

School of Social Sciences

Contact: TBA

Social and political thought is a theme within the BA liberal studies program.

Program Requirements (pending Senate approval)

BA: 90 credits

Major: 48 credits as follows:

The program consists of 48 credits in a designated theme, including at least 18 credits at the 3000 level or above. Students are required to be under the supervision of the coordinator of political science who must approve their program of study after their sixth course and before completing their tenth course.

The central courses for this theme are as follows:

Economics:

AK/ECON 4050 3.0, AK/ECON 4060 3.0

Geography:

AK/GEOG 3410 6.0, AK/GEOG 3450 6.0, AK/GEOG 4100 6.0

History:

AK/HIST 3120 6.0

Philosophy:

AK/AS/PHIL 2060 3.0, AK/PHIL 2440 6.0, AK/PHIL 3590 6.0

Political Science:

AK/POLS 2900 6.0, AK/POLS 3490 6.0, AK/POLS 3550 6.0, AK/POLS 4150 3.0, AK/POLS 4160 3.0, AK/POLS 4190 6.0; AK/POLS 4220 6.0

Social Science:

AK/SOSC 2400 6.0, AK/SOSC 4740 6.0, AK/SOSC 4770 6.0

Sociology:

AK/SOCI 3330 6.0, AK/SOCI 3540 6.0, AK/SOCI 4110 3.0, AK/SOCI 4500 6.0

Students should consult the undergraduate program director about directed reading courses and special topic seminars.

Mathematics

School of Analytic Studies and Information Technology

Coordinator: Augustine Wong

Program Requirements

Prerequisite: AK/MATH 1710 6.0 or equivalent.

Note 1: Equivalent of AK/MATH 1710 6.0: Students who have successfully completed two OAC mathematic subjects (one calculus plus one other mathematics) at 70 per cent or higher, or equivalents, in the last two years are considered to have the equivalent of AK/MATH 1710 6.0. Students who have not done so may write an exemption test. Details are available through the School of Analytic Studies and Information Technology.

Note 2: Students may also take computer science courses AK/AS/SC/COSC 3121 3.0, AK/AS/SC/COSC 3122 3.0 and AK/AS/SC/COSC 4111 3.0 as major courses in mathematics.

Note 3: Mathematics courses listed in the mathematics section do not fulfill the mathematics/modes of reasoning general education requirements.

Note 4: Mathematics general education courses are listed in the General Education section.

BA: 90 credits

Major: 36 credits in mathematics including:

AK/AS/SC/MATH 1090 3.0 or AK/AS/SC/MATH 1190 3.0; AK/AS/SC/MATH 1300 3.0 and AK/AS/SC/MATH 1310 3.0 or equivalent; AK/AS/SC/MATH 1021 3.0 and AK/AS/SC/MATH 2022 3.0 or equivalent; AK/AS/SC/MATH 2310 3.0 or equivalent; and at least 18 credits in mathematics of which at least 12 credits must be at the 3000 level or higher.

BA (Specialized Honours): 120 credits

Major: 66 credits in mathematics including:

AK/AS/SC/MATH 1090 3.0 or AK/AS/SC/MATH 1190 3.0; AK/AS/SC/MATH 1300 3.0 and AK/AS/SC/MATH 1310 3.0 or equivalent; AK/AS/SC/MATH 1021 3.0 and AK/AS/SC/MATH 2022 3.0 or equivalents; at least six credits from: AK/AS/SC/MATH 3020 6.0, AK/AS/SC/MATH 3050 6.0, AK/AS/SC/MATH 3190 3.0 or AK/AS/SC/MATH 3210 3.0; at least 33 additional credits in mathematics; at least 12 credits in mathematics at the 4000 level of which six credits must be chosen from: AK/AS/SC/MATH 4010 6.0, AK/AS/SC/MATH 4020 6.0, AK/AS/SC/MATH 4080 6.0, AK/MATH 4210 3.0, AK/AS/SC/MATH 4290 3.0.

Mathematics for Commerce

BA: 90 credits

Major: 42 credits including:

AK/AS/SC/MATH 1550 6.0, AK/AS/SC/MATH 2221 3.0, AK/AS/SC/MATH 2222 3.0, AK/AS/SC/MATH 2560 3.0, AK/AS/SC/MATH 2570 3.0, AK/AS/

SC/MATH 2580 6.0, AK/AS/SC/MATH 3170 6.0, AK/AS/SC/MATH 3034 3.0, AK/AS/SC/MATH 3330 3.0, AK/AS/SC/COSC 1520 3.0, AK/AS/SC/COSC 1530 3.0.

Concentration in Mathematics for Teachers

The following selection of courses is aimed at practising mathematics teachers who are teaching at the junior to senior levels and who wish to enrich their skills in the face of a continually changing curriculum. These courses are also aimed at students who are studying towards becoming teachers with a mathematics specialization.

The plan is sensitive to schools' current curricular needs in mathematics. It is also mindful of the increasing importance of computer-related studies at schools.

Mathematics courses in the concentration:

AK/MATH 1710 6.0, AK/AS/SC/MATH 1300 3.0 and AK/AS/SC/MATH 1310 3.0, AK/AS/SC/MATH 2221 3.0 and AK/AS/SC/MATH 2222 3.0, AK/AS/SC/MATH 1090 3.0, AK/MATH 3400 6.0 (strongly recommended), and one of AK/AS/SC/MATH 3210 3.0, AK/AS/SC/MATH 3020 6.0, AK/AS/SC/MATH 3050 6.0 (strongly recommended), AK/AS/SC/MATH 3190 3.0, AK/MATH 4060 6.0.

Computer science courses in the concentration:

AK/AS/SC/COSC 1020 3.0 and AK/AS/SC/COSC 1030 3.0 and three of: AK/AS/SC/COSC 2001 3.0, AK/AS/SC/COSC 2011 3.0, AK/AS/SC/COSC 2021 3.0, AK/AS/SC/COSC 3121 3.0, AK/AS/SC/COSC 3122 3.0, AK/AS/SC/COSC 3402 3.0.

For all mathematics courses that are cross-listed with the Faculty of Arts and the Faculty of Pure and Applied Science, consult the York University Undergraduate Calendar for alternative prerequisites.

Philosophy

School of Analytic Studies and Information Technology

Coordinator: Samuel B. Mallin

Prerequisite: A general education course in mathematics or modes of reasoning, which may be taken concurrently with permission of the coordinator of Philosophy.

Note: Most philosophy courses do not have any further prerequisites.

Program Requirements

BA: 90 credits

Major: 30 credits in philosophy as follows:

At least 18 credits of which must be chosen from one of the areas of concentration listed below. This program must be agreed upon by the student's faculty advisor. Please consult the coordinator of Philosophy for further requirements.

BA (Specialized Honours): 120 credits

Major: 48 credits in philosophy as follows:

48 credits in philosophy, including those required for the BA degree plus 18 credits at the 4000 level, including AK/PHIL 4030 6.0 and AK/PHIL 4100 6.0. Six credits at the 4000 level must draw upon and continue the development of work already completed in the student's area of concentration and be approved by his or her advisor.

Psychology

Department of Psychology

Contact: Ron Okada

Students may choose to major in psychology as part of the requirements for the BA or the BSc degree. The main difference between these two degrees is that for the BSc degree, students must take elective courses in mathematics and the physical sciences. Courses taken for either degree are fully compatible with the requirements for the BA (Honours) degree.

Program Requirements

Admission to all 2000, 3000, and 4000 level courses in psychology (with the exception of AK/AS/SC/PSYC 2020 6.0, AK/AS/SC/PSYC 2021 3.0, and AK/AS/SC/PSYC 2022 3.0) is conditional upon satisfactory completion of AK/AS/SC/PSYC 1010 6.0.

Students must obtain a minimum grade of C (4.0) in AK/AS/SC/PSYC 1010 6.0 to be permitted to continue as a major in psychology, as well as to take any further psychology courses for which AK/AS/SC/PSYC 1010 6.0 is a prerequisite.

Under exceptional circumstances, non-majors who have not obtained a minimum grade of C (4.0) in AK/AS/SC/PSYC 1010 6.0 may apply for special consideration to enrol in an upper-level psychology course for which AK/AS/SC/PSYC 1010 6.0 is a prerequisite. This application should be made to the psychology undergraduate program director in the Faculty offering the course.

BA: 90 credits

Major: 30 credits in psychology including:

AK/AS/SC/PSYC 1010 6.0 (with a minimum grade of C):

- (a) AK/AS/SC/PSYC 2021 3.0, AK/AS/SC/PSYC 2030 3.0; and
- (b) 18 credits in psychology at the 2000/3000 level, including: (i) at least six credits chosen from the 2100/3100 3.0 series; and (ii) at least six credits chosen from the 2200/3200 3.0 series.

Note: At least 12 of the 30 credits in psychology must be at the 3000 level.

BA (Specialized Honours): 120 credits

Major: 54 credits in psychology including:

AK/AS/SC/PSYC 1010 6.0 (with a minimum grade of C):

- (a) AK/AS/SC/PSYC 2021 3.0; AK/AS/SC/PSYC 2022 3.0; AK/AS/SC/PSYC 2030 3.0; AK/AS/SC/PSYC 3010 3.0; and

Women's Studies

School of Women's Studies

Atkinson Coordinator: Ann B. Shteir

The School of Women's Studies offers a consolidated undergraduate program which brings together the women's studies programs from the Faculties of Arts, Atkinson and Glendon College. This merged undergraduate program provides students with increased flexibility and access to a greater number and variety of women's studies courses. Courses offered through the School of Women's Studies will count as in-Faculty courses for Atkinson, Arts, and Glendon students, and will be offered during the day and evening on both the Keele campus and the Glendon campus. Please consult the School of Women's Studies mini-calendar for further information, available at the school's main office, S711 Ross, 416-650-8144 (press 1).

The undergraduate women's studies curriculum is built around four different kinds of courses.

Required Courses

- AK/AS/GL/WMST 2500 6.0 or AK/AS/GL/WMST 2510 9.0: required for all women's studies majors;
- AK/AS/GL/WMST 4500 6.0: required for all women's studies majors in an Honours BA program.

Core Courses

The core courses are offered by the School of Women's Studies and, like the required courses, have the second digit five (5) in the course number, e.g. WMST 2500 6.0. Students are required to select between 12 and 24 credits of core courses depending on their degree program. Core courses cover themes deemed essential to women's studies and will explicitly aim to develop critical reading, writing and oral presentation skills, research skills and more advanced research and theoretical skills as appropriate to the course and year level. The required and core courses will:

- focus primarily on women;
- be taught from feminist perspectives;
- be interdisciplinary;
- address the intersections of race, ethnicity, disability, sexual identity and gender;

- acknowledge the different perspectives on women in a global context;
- explicitly identify the critical skills to be developed in the course.

Non-Core Courses

The School of Women's Studies will offer a small number of non-core courses designed to serve a narrower disciplinary focus than the core courses, meet a particular program need (e.g. independent study or special topics courses), or appeal to non-women's studies majors. These courses will have the second digit 8 in the course number, e.g. WMST 2801 6.0.

Courses Offered by Other Units

Courses offered by other teaching units may be accepted for program credit or cross-listed with the School of Women's Studies. These courses will count towards the major requirements in women's studies. Please consult the School of Women's Studies mini-calendar, available in the school's main office, S711 Ross Building, 416-650-8144 (press 1).

Program Requirements

Note: All courses mounted by the School of Women's Studies with a five (5) as the second digit (e.g. AK/AS/GL/WMST 2501 6.0) are considered core courses.

BA: 90 credits

Major: 30 credits

30 credits in women's studies including: AK/AS/GL/WMST 2500 6.0; at least 12 additional credits chosen from the list of core women's studies course offerings; 12 additional women's studies credits. Overall 18 women's studies credits must be taken at the 3000 or 4000 level.

BA (Combined Honours): 120 credits

Major: 60 credits

The Combined Honours degree consists of 60 credits in women's studies and one other discipline including: 42 credits in women's studies including AK/AS/GL/WMST 2500 6.0; at least 18 women's studies credits from the list of core women's studies courses; 12 women's studies credits at the 4000 level, including AK/AS/GL/WMST 4500 6.0; six additional women's studies credits; the remaining 18 credits must be in one other academic discipline including six credits at the 4000 level.

BA (General Honours) (Type A): 120 credits

Major: 66 credits

The General Honours degree consists of 42 credits in women's studies AK/AS/GL/WMST 2500 6.0; at least 18 additional women's studies credits from the list of core women's studies course offerings; 12 women's studies credits at the 4000 level including, AK/AS/GL/WMST 4500 6.0; six additional women's studies credits; the remaining 24 credits, including six credits at the 4000 level, must be in related academic disciplines approved by the undergraduate director of Women's Studies.

Please see the General Certificate Requirements section for information concerning the Certificate in Women's Studies and Certificate in Women's Studies: Theory and Practice.

Bachelor of Human Resources Management Degree (BHRM)

School of Administrative Studies
Coordinator: Monica Belcourt

Program Requirements

Note 1: The Human Resources Professionals Association of Ontario (HRPAO) requires AK/ADMS 1500 3.0 or both AK/ADMS 2500 3.0 and AK/ADMS 2510 3.0 in order to be approved as having met the academic requirements for the Certified Human Resources Professional (CHRP).

Note 2: CHRP certification requirements have been changed. During the transition period, students who have started their course work can take the current route (Tier 1 and Tier 2) to certification based on the current degree/certificate programs offered by the School of Administrative Studies. Please be advised that the last exam date offered by HRPAO is September 2004 for this cohort of students. Current students also have the option of certifying under the new certification process, as of March 2003. Entering BHRM program students must take the nine courses necessary for certification as a CHRP. Refer to www.hrpa.org for the requirements for the CHRP.

Note 3: Under the current certification system, which will end in 2004, to get credit for a course towards CHRP, HRPAO requires a minimum grade of 70 per cent, except in finance and accounting, where the minimum is 60 per cent. Under the new certification process, HRPAO requires an average of 70 per cent with the lowest acceptable grade in any required course of 65 per cent.

Program Requirements

The school aims to provide co-op placement to suitably qualified students in a health related field during the summer session (May – August). Students who wish to pursue the co-op option must contact the co-op coordinator for further details and deadlines for applications.

BHS (Specialized Honours): 120 credits

1. At least 120 credits including:

(a) General Education: 24 general education credits (see General Education Requirements in the Degree Requirement section).

Note 1: For the Specialized Honours bachelor of health studies degree, the modes of reasoning/mathematics requirement must be satisfied by completion of AK/MATH 1710 6.0 for those students who have not completed an OAC mathematics course or its equivalent.

Note 2: Faculty of Arts 9.0 credit 1000 level Foundations courses count as 6.0 credits towards fulfilling Faculty general education requirements, and 3.0 credits as elective.

(b) Electives (21 credits): Students may choose their elective courses from the list of allied health related courses listed below.

(c) Major: 75 credits as described below.

2. Upper Level Requirements: Of the 120 credits required, at least 30 credits must be completed at the 3000 level and 18 credits in the major at the 4000 level.

3. Residency Requirement: At least 30 credits not used toward another academic program are to be taken at York University. Half the major credits must be taken through Atkinson.

4. Graduation: Students must successfully complete the above required 120 credits with a minimum overall cumulative grade point average of 5.0.

Major: 75 credits including the following:

School of Health Policy and Management Core Courses

- 45 credits
- AK/ECON 1000 3.0, AK/HLST 1000 6.0, AK/HLST 2020 3.0, AK/HLST 2030 3.0, AK/HLST 2040 3.0, AK/ADMS 2300 6.0 (equivalent), AK/HLST 3010 3.0, AK/HLST 3011 3.0, AK/NURS 3500 3.0 or AK/ADMS 3720 3.0, AK/ECON 3510 3.0, AK/NURS 3740 3.0, AK/ADMS 4740 3.0 or AK/HLST 4000 3.0, AK/HLST 4010 3.0.

Required courses in one of the majors (i, ii, or iii) listed below:

Health Policy Major (30 credits)

- AK/HLST 3100 3.0 Integrated Health Systems in Canada
- AK/HLST 3110 3.0 History of Health Policy in Canada
- AK/HLST 3120 3.0 Analysing Processes of Power & Politics
- AK/HLST 3400 3.0 Critical Perspectives on Health Organizations
- AK/HLST 4100 6.0 Advanced Contemporary Health Policy
- AK/HLST 4110 3.0 Comparative Health Policy
- AK/HLST 4120 6.0 (cross-listed to AK/POLS 4200 6.0)
- AK/HLST 4130 3.0

Health Management Major (30 credits)

- AK/ADMS 1000 3.0 Introduction to Administrative Studies
- AK/HLST 3210 6.0 Health Services Management
- AK/HLST 3230 3.0 Health Management II
- AK/HLST 3400 3.0 Critical Perspectives on Health Organizations
- AK/ADMS 3760 3.0 Financial Management in Health Care Institutions
- AK/HLST 4200 6.0 Managerial & Leadership Competencies
- AK/HLST 4210 3.0
- AK/HLST 4220 3.0 Managerial & Leadership Competencies (cross-listed to AK/ADMS 4760/NURS 4740 3.0)

Health Informatics Major (30 credits)

- AK/ITEC 1010 3.0 Information and Organizations
- AK/NURS 3210 3.0 Societal Implications of Health Informatics
- AK/HLST 3300 3.0 Health Management Information Systems I
- AK/HLST 3320 3.0 Introduction to Health Care Management
- AK/HLST 3340 3.0 or AK/NURS 3220 3.0
- AK/HLST 3341 3.0 Health Informatics II

Bachelor of Science Degree (BSc)

Note: Atkinson offers a bachelor of science degree in the following areas: computer science, general science, mathematics and psychology. Biology, chemistry and physics are offered only in the Faculty of Pure and Applied Science and students should consult the Undergraduate Programs Calendar for program/course details.

BSc: 90 credits

1. At least 90 credits including:

(a) General Education:

Computer Science Majors:

- (i) six credits from each of humanities **and** social science at the 1000 level.
- (ii) AK/MATH 1710 6.0 (or equivalent).
- (iii) The natural science requirement will be satisfied by taking one of SC/BIOL 1010 6.0/SC/BIOL 1410 6.0, SC/CHEM 1000 3.0 and SC/CHEM 1001 3.0, SC/EATS 1010 3.0 and SC/EATS 1011 3.0, SC/PHYS 1010 6.0 or SC/PHYS 1410 6.0.

General Science Majors:

- (i) six credits from each of humanities and social science at the 1000 level.
- (ii) AK/MATH 1710 6.0 or equivalent.
- (iii) six credits SC/BIOL 1010 6.0 or SC/BIOL 1410 6.0.

Mathematics Majors:

- (i) six credits from each of humanities and social science at the 1000 level.
- (ii) AK/MATH 1710 6.0 (or equivalent).
- (iii) The natural science requirement will be satisfied by taking one of SC/BIOL 1010 6.0/SC/BIOL 1410 6.0, SC/CHEM 1000 3.0 and SC/CHEM 1001 3.0, SC/EATS 1010 3.0 and SC/EATS 1011 3.0, SC/PHYS 1010 6.0 or SC/PHYS 1410 6.0.

Psychology Majors:

- (i) six credits from each of humanities and social science at the 1000 level.
- (ii) AK/MATH 1710 6.0 (or equivalent).
- (iii) The natural science requirement will be satisfied by taking SC/BIOL 1010 6.0 or SC/BIOL 1410 6.0.

(b) Electives:

Required Mathematics Courses:

Computer Science Majors: AK/AS/SC MATH 1090 3.0; AK/AS/SC MATH 1300 3.0 and AK/AS/SC/MATH 1310 3.0 and AK/AS/SC MATH 2090 3.0.

General Science and Psychology Majors: AK/AS/SC/MATH 1300 3.0; AK/AS/SC/MATH 1310 3.0.

Required Science courses:

Computer Science Majors:

- six credits from SC/BIOL 1010 6.0 or SC/BIOL 1410 6.0, SC/CHEM 1000 3.0 and SC/CHEM 1001 3.0, SC/EATS 1010 3.0 and SC/EATS 1011 3.0, SC/PHYS 1410 6.0 (preferred) or SC/PHYS 1010 6.0;
- at least three additional credits from 1000 level science courses (excluding SC/CHEM 1500 4.0; AS/SC MATH 1510 6.0; AS/SC MATH 1515 3.0; SC/PHYS 1510 4.0; and all natural science courses);
- at least six additional credits in science at the 2000 level or above.

General Science and Psychology Majors:

- SC/BIOL 1010 6.0 or SC/BIOL 1410 6.0, SC/CHEM 1000 3.0 and SC/CHEM 1001 3.0 and SC/PHYS 1010 6.0 or SC/PHYS 1410 6.0.

Mathematics Majors:

- six credits from SC/BIOL 1010 6.0, SC/BIOL 1410 6.0, SC/CHEM 1000 3.0 and SC/CHEM 1001 3.0, SC/EATS 1010 3.0 and SC/EATS 1011 3.0 SC/PHYS 1410 6.0 (preferred) or SC/PHYS 1010 6.0;
- at least three additional credits from SC/BIOL 1010 6.0, SC/CHEM 1000 3.0 or SC/CHEM 1001 3.0, SC/EATS 1010 3.0, SC/EATS 1011 3.0, AK/AS/SC/COSC 1020 3.0, SC/PHYS 1070 3.0, SC/PHYS 1410 6.0 (preferred) or SC/PHYS 1010 6.0;
- at least six additional credits in science at the 2000 level or higher.

(c) Major: Minimum 30 credits. Please refer to individual programs below.

2. Upper Level Requirements:

Computer Science: Of the 90 credits at least 18 credits at the 3000 level or above.

General Science and Psychology: Of the 90 credits at least 24 credits at the 3000 level or above.

Mathematics: Of the 90 credits at least 12 credits at the 3000 level or above.

3. Residency Requirement: At least 30 credits not used toward another academic program are to be taken at York University. Half the major credits must be taken through Atkinson.

4. Graduation: Students must successfully complete the above required 90 credits with a minimum overall cumulative grade point average of 4.0.

Department of Computer Science

Contact: John Amanatides

Office: Room 1003 Computer Science Building, Department Office Tel: 416-736-5053, Undergraduate/Graduate Office Tel: 416-736-5334

Prerequisites: One of (1) – (4) must be met:

- 1.** (New high school curriculum): Advanced functions and introduction calculus, and geometry and discrete mathematics with a minimum mathematics average of 75 per cent and no mathematics grade below 65 per cent.
- 2.** (Old high school curriculum): OAC calculus and one other OAC mathematics (normally finite mathematics or algebra and geometry) with an average grade of 75 per cent in all OAC mathematics and no grade less than 65 per cent.
- 3.** Completion of six credits from York University mathematics courses (not including AK/MATH 1710 6.0 or courses with second digit 5) or equivalent with a grade of 5.0 (C+) or better over these credits.

4. Completion of AK/MATH 1710 6.0, or six credits from York University mathematics courses whose second digit is 5, with an average grade not below 7.0 (B+).

A cumulative grade point average of 4.0 over all courses is required to graduate. In addition, the department general prerequisite cumulative grade point average over all computer science courses must be met to proceed in the program.

A maximum of two 2000 level computer science courses in one term is permitted. Three 3000 or 4000 level courses per term is normal. Specialized Honours students may take four upper-level computer science courses. In the summer term students are not permitted to take more than six credits in computer science. Under no circumstances will students be permitted to take five computer science courses in one term. If any student enrolls in more than four upper year or two 2000 level computer science courses per term they will be removed from whichever courses the department requires the space. The department also reserves the right to move students from a course in one term to the same course in the next term should such steps be necessary to ensure equitable access to courses. This includes movement from fall to winter or winter to summer.

Note 1: Not all computer science courses are offered in the evening every term. Required 1000 and 2000 level courses will normally be offered in the evening every term (fall, winter and summer) whereas 3000 and 4000 level courses will be offered in the evening on a rotating basis.

Program Requirements

BSc: 90 credits

Major: 36 credits including:

AK/AS/SC/COSC 1020 3.0; AK/AS/SC/COSC 1030 3.0; AK/AS/SC/COSC 2001 3.0; AK/AS/SC/COSC 2011 3.0; AK/AS/SC/COSC 2021 3.0; AK/AS/SC/COSC 2031 3.0; AK/AS/SC/COSC 3101 3.0; AK/AS/SC/COSC 3221 3.0; AK/AS/SC/COSC 3311 3.0; three credits from courses with second digit 4 (i.e. applications area), and at least six additional credits at the 3000 level.

General Science

School of Analytic Studies and Information Technology
Contact: Ernst Hamm

Program Requirements

BSc: 90 credits

Major: 48 credits including:

- AK/STS 1010 6.0; AK/STS 2010 6.0;
- 18 credits in science and technology studies at the 3000 level;
- at least 18 credits in two other areas of science. Additional science courses will be taken in the Faculty of Pure and Applied Science, or with the approval of the science and technology studies coordinator, in science-related departments of Atkinson.

Please note: All science courses (SC) are offered by the Faculty of Pure and Applied Science.

Mathematics

School of Analytic Studies and Information Technology
Contact: Augustine Wong

Program Requirements

Prerequisite: AK/MATH 1710 6.0 or equivalent.

Note 1: Equivalent of AK/MATH 1710 6.0: Students who have successfully completed two OAC mathematic subjects (one calculus plus one other mathematics) at 70 per cent or higher, or equivalents, in the last two years are considered to have the equivalent of AK/MATH 1710 6.0. Students

who have not done so may write an exemption test. Details are available through the School of Analytic Studies and Information Technology.

Note 2: Students may also take computer science courses AK/AS/SC/COSC 3121 3.0, AK/AS/SC/COSC 3122 3.0 and AK/AS/SC/COSC 4111 3.0 as major courses in mathematics.

Note 3: Mathematics courses listed in the mathematics section do not fulfill the mathematics/modes of reasoning general education requirements.

BSc: 90 credits

Major: 36 credits in mathematics including:

AK/AS/SC/MATH 1090 3.0 or AK/AS/SC/MATH 1190 3.0; AK/AS/SC/MATH 1300 3.0 and AK/AS/SC/MATH 1310 3.0 or equivalent; AK/AS/SC/MATH 1021 3.0 and AK/AS/SC/MATH 2022 3.0 or equivalent; AK/AS/SC/MATH 2310 3.0 or equivalent; and at least 18 credits in mathematics of which at least 12 must be at the 3000 level or higher.

Psychology

Department of Psychology
Contact: Ron Okada

Students may choose to major in psychology as part of the requirements for the BA or the BSc degree. The main difference between these two degrees is that for the BSc degree, students must take elective courses in mathematics and the physical sciences. Courses taken for either degree are fully compatible with the requirements for the BA (Honours) degree.

Program Requirements

Admission to all 2000, 3000, and 4000 level courses in psychology (with the exception of AK/AS/SC/PSYC 2020 6.0, AK/AS/SC/PSYC 2021 3.0, and AK/AS/SC/PSYC 2022 3.0) is conditional upon satisfactory completion of AK/AS/SC/PSYC 1010 6.0.

Students must obtain a minimum grade of C (4.0) in AK/AS/SC/PSYC 1010 6.0 to be permitted to continue as a major in psychology, as well as to take any further psychology courses for which AK/AS/SC/PSYC 1010 6.0 is a prerequisite.

Under exceptional circumstances, non-majors who have not obtained a minimum grade of C (4.0) in AK/AS/SC/PSYC 1010 6.0 may apply for special consideration to enrol in an upper-level psychology course for which AK/AS/SC/PSYC 1010 6.0 is a prerequisite. This application should be made to the psychology undergraduate program director in the Faculty offering the course.

BSc: 90 credits

Major: 30 credits in psychology including:

- AK/AS/SC/PSYC 1010 6.0 (with a minimum grade of C);
- AK/AS/SC/PSYC 2021 3.0, AK/AS/SC/PSYC 2030 3.0; and
- 18 credits in psychology at the 2000/3000 level, including: (i) at least six credits chosen from the 2100/3100 3.0 series; and (ii) at least six credits chosen from the 2200/3200 3.0 series.

Note: At least 12 of the 30 credits in psychology must be at the 3000 level.

Please refer to the current departmental/divisional supplemental calendar for updated program/major requirements.

Computer Science

Department of Computer Science

Prerequisites for the first course in the computer science major: One of (1) – (4) must be met:

1. (New high school curriculum): Advanced functions and introduction to calculus, and geometry and discrete mathematics with a minimum mathematics average of 75 per cent and no mathematics grade below 65 per cent.

2. (Old high school curriculum): OAC calculus and one other OAC mathematics (normally finite mathematics or algebra and geometry) with an average grade of 75 per cent in all OAC mathematics and no grade less than 65 per cent.
3. Completion of 6.0 credits from York University mathematics courses (not including AK/MATH 1710 6.0 or courses with second digit 5) with a grade of 5.0 (C+) or better over these credits.
4. Completion of AK/MATH 1710 6.0, or six credits from York University mathematics courses whose second digit is 5, with an average grade not below 7.0 (B+).

A cumulative grade point average of 5.0 over all courses is required to graduate. In addition, the department general prerequisite cumulative grade point average over all computer science courses must be met to proceed in the program. All 2000 level and above computer science courses have general prerequisite requirements that must be met before proceeding to the next level of study. Please refer to the departmental supplementary calendar for further program details.

A maximum of two 2000 level computer science courses in one term, three 3000 or 4000 level courses, is permitted. In the summer term students are not permitted to take more than six credits in computer science. If any student enrolls in more than the allowed number of courses per term they will be removed from whichever courses the department requires the space. The department also reserves the right to move students from a course in one term to the same course in the next term should such steps be necessary to ensure equitable access to courses. This includes movement from fall to winter or winter to summer.

Program Requirements

BSc (Honours) (computer science option): a minimum of 120 credits (depending on choice of electives, students may be required to complete 121 credits)

(a) General Education

- (i) 6 general education credits in each of humanities and social science.
- (ii) AK/MATH 1710 6.0 or equivalent.
- (iii) The natural science requirement will be satisfied by taking one of SC/BIOL 1010 6.0; SC/BIOL 1410 6.0; SC/CHEM 1000 3.0 and SC/ CHEM 1001 3.0; SC/EATS 1010 3.0; SC/PHYS 1410 6.0 or SC/PHYS 1010 6.0.

(b) Electives:

Required Mathematics Course (Elective): AK/AS/SC/MATH 1025 3.0; AK/AS/SC/MATH 1090 3.0; AK/AS/SC/MATH 1300 3.0; AK/AS/SC/MATH 1310 3.0; AK/AS/SC/MATH 2030 3.0; AK/AS/SC/MATH 2090 3.0 or equivalent.

Required Science Courses (Electives) for computer science majors only. All computer science degree candidates must complete the following:

- six credits from SC/BIOL 1010 6.0 or SC/BIOL 1410 6.0; SC/ CHEM 1000 3.0 and SC/CHEM 1001 3.0; SC/EATS 1010 3.0 and SC/EATS 1011 3.0; SC/PHYS 1410 6.0 (preferred) or SC/ PHYS 1010 6.0;
- at least three additional credits from 1000 level science courses (excluding SC/CHEM 1500 4.0; AS/SC/MATH 1510 6.0; AS/ SC/MATH 1515 3.0; SC/PHYS 1510 4.0; and all natural science courses).

2. **Upper Level Courses:** Of the required minimum 120 credits above, at least 39 credits must be at the 3000 level or above, and at least 12 credits must be at the 4000 level.
3. **Residency Requirement:** At least 30 credits not used toward another academic program are to be taken at York University. Half the major credits must be taken through Atkinson.
4. **Graduation:** Students must successfully complete the above required minimum 120 credits with a minimum overall cumulative grade point average of 5.0.

Major: 55 credits in computer science including:

AK/AS/SC/COSC 1020 3.0; AK/AS/SC/COSC 1030 3.0; AK/AS/SC/COSC 2001 3.0; AK/AS/SC/COSC 2011 3.0; AK/AS/SC/COSC 2021 3.0; AK/AS/ SC/COSC 2031 3.0; AS/SC/COSC 3002 1.0; AK/AS/SC/COSC 3101 3.0; AK/AS/SC/COSC 3221 3.0; AK/AS/SC/COSC 3311 3.0; AK/AS/SC/COSC 3401 3.0; and at least six additional computer science credits at the 3000 level; AK/AS/SC/COSC 4101 3.0 or AK/AS/SC/COSC 4111 3.0; nine more computer science credits at the 4000 level; six more computer science credits at either the 3000 or 4000 level.

Honours degree candidates must complete at least 30 credits which are neither computer science nor mathematics. All degree candidates must also satisfy the general education, elective, upper-level and science course requirements of Atkinson, as described.

Please refer to the current departmental/divisional supplemental calendar for updated program/major requirements.

Bachelor of Science in Nursing Degree (BScN)

School of Nursing

Undergraduate Program Directors:

Collaborative Program - TBA

Post-RN Program - Janet Jeffrey

There are two routes to the bachelor of science in nursing honours degree: to become a registered nurse or for registered nurses to earn a degree. The bachelor of science in nursing program is offered in two distinct streams. The School of Nursing also offers two certificates: Health Informatics and Primary Health Care Nurse Practitioner.

The BScN (Honours) program focuses on the development of the theoretical, scientific and philosophical knowledge of human caring. The role of nurses, through caring relationships, in promoting and preserving health and healing is emphasized through both theory and self-reflective practice. Graduates will be prepared to practise collaboratively in a variety of settings to enhance individual, family, community and global health.

1. Collaborative BScN Program. This program is for entering the nursing profession. In collaboration with Seneca and Georgian Colleges of Applied Arts and Technology, the first two years of the integrated four-year curriculum are completed at one of the College partners and the last two years are completed at York. For further information, applicants may obtain information from the School of Nursing (York) 416-736-5271, or the Nursing Programs at Seneca College 416-491-5050 ext. 5013, Georgian College 705-728-1968 ext. 1448.

2. Post-RN BScN Program. This program is for Registered Nurses. Information about the BScN program may be obtained from the School of Nursing 416-736-5271 or from the Office of Admissions at 416-736-5000.

3. Health Informatics Certificate. This certificate is open to students who have a health-related college diploma or university degree. Students enrolled in the BScN degree may take the Health Informatics Certificate concurrently. Information can be obtained from the School of Nursing at 416-736-5271.

4. Primary Health Care Nurse Practitioner Certificate. A Primary Care Nurse Practitioner Certificate is also available for Registered Nurses holding a completed baccalaureate degree in nursing or concurrently enrolled in the York Post-RN BScN program. This certificate may be taken on a full-time or part-time basis. Information can be obtained from the School of Nursing at 416-736-5271. Please see the Web site [http:// np.village.ca/](http://np.village.ca/).

Entry Procedures:

A Supplementary Admission Information Form is mandatory for application to the collaborative and post-RN nursing programs at York.

Collaborative BScN Entry Procedures (2003-2004)

1. For applicants to the collaborative program with one of York's two college partners (Seneca and Georgian Colleges), first apply to the Ontario College Application Services (OCAS) via www.ocas.on.ca/.
2. Submit your official transcripts to OCAS.
3. If required, submit your language proficiency test results to OCAS.

4. The College(s) will then send you a Supplementary Admission Information Form which you must complete and return with any attachments (including your resume and personal statement) directly to:

School of Nursing
 Atkinson Faculty of Liberal and Professional Studies
 Room 404, Atkinson Building
 York University
 4700 Keele Street
 Toronto, ON M3J 1P3

Note: Only one Supplementary Admission Information Form is required even if you are applying for admission to both of the College partners with York University.

5. Visit www.yorku.ca/admissions/undergrad/nursing.asp for detailed information and admission requirements.

Post-RN BScN Entry Procedures

For Post-RN applicants, the self-managed supplementary admission information form is to be completed and submitted in addition to applying to York University. It is available from the Office of Admissions, or the York Web site at www.yorku.ca/admissions/undergrad/bscn.asp.

Entry procedures include the following academic and professional criteria:

1. Current Certificate of Competence as a Registered Nurse from the College of Nurses of Ontario.
2. An overall grade point average of 3.0 (B) from a community college (or equivalent) program for graduation dates within 10 years of application, OR an overall grade point average of 2.0 (C) from a community college or hospital school of nursing (or equivalent) program for graduation dates longer than 10 years prior to application.
3. Applicants must submit: a resume, a personal statement that addresses beliefs about nursing, current practice and professional goals. See self-managed supplementary admission information form.
4. Two letters of reference see self-managed supplementary admission information form.
5. A personal interview may be required.

Post-RN BScN Integrated Primary Health Care Nurse Practitioner Entry Procedures

Students must satisfy entry procedures for the post-RN BScN (as noted above) and the Integrated Primary Health Care Nurse Practitioner Certificate program as outlined on <http://np.village.ca/>.

School of Nursing: Policy on Involuntary Withdrawal

A student may be required to withdraw involuntarily from a course with a practicum component if:

1. The student fails to meet the requirements of the course with a practicum component, either through unsatisfactory attendance and/or participation in class or practicum settings, or through unprofessional behaviour in fulfilling course requirements; or
2. The student's performance is judged to disrupt the functioning of the practicum site and/or jeopardize the well-being of clients of the practicum site, and/or demonstrate failure to meet professional standards for practice currently mandated by the College of Nurses of Ontario.

Following a meeting with the student, the decision to require the student to withdraw will be taken by the director of the School of Nursing on the recommendation of the course director and/or practicum coordinator.

Students have access to the usual appeal procedures in such instances.

The bachelor of social work program prepares students for professional social work. Successful practice experience is an essential requirement in the social work degree program. The 700 hour practicum, AK/SOWK 4000 6.0, and AK/SOWK 4001 6.0 consists of a field work component in an approved social work setting arranged by the school.

Students admitted before 2002 will be grandparented through the former BSW Honours program.

Please note: Normally students have a maximum of five years to complete the BSW program after successfully undergoing school entry procedures.

Note 1: Students in the final year of a degree program can apply to the School of Social Work; however, the bachelor of social work program cannot be commenced until the first degree has been completed.

Note 2: The attention of students is drawn to the BA in sociology with a concentration in the sociology of gender and families.

Students who have completed the sociology major in Atkinson with a concentration in the sociology of gender and families and who are subsequently accepted into the social work program will be eligible to count up to 12 credits in sociology towards the social work major. These courses must be passed at minimum grades of B and shall be selected from: AK/SOCI 3880A 3.0; AK/SOCI 3880 3.0; AK/SOCI 3420 6.0; AK/SOCI 3450 6.0; AK/SOCI 3550 3.0/3550 6.0; AK/SOCI 3640C 6.0; AK/SOCI 3820 6.0, AK/SOCI 3830 6.0, AK/SOCI 3850 6.0, AK/SOCI 3860 6.0.

Note 3: Students in a BA degree program can take up to 24 social work credits to fulfill their BA degree requirements.

Note 4: Students who have completed the Certificate in Anti-Racism Research and Practice in Atkinson and who are subsequently accepted into the Social Work Program will be eligible to count up to two of the following courses (12 credits) towards the social work major: AK/SOCI 3620 6.0, AK/SOCI 3640C 6.0, AK/SOCI 3640D 6.0, AK/SOCI 3640E 6.0, AK/SOCI 3640G 6.0, AK/SOCI 3640H 6.0, AK/SOCI 3680 6.0. These courses must be passed at minimum grades of B.

School of Social Work Regulation on Involuntary Withdrawal

A student may be required to withdraw from a course if:

1. The student fails to meet the requirements of the course, either through unsatisfactory seminar and/or practicum attendance/participation, or through the unprofessional behaviour in fulfilling course requirements; or
2. the student's performance is judged to disrupt the functioning of the practicum site and/or jeopardize the well-being of clients of the practicum site, and/or demonstrate unprofessional behaviour at the practicum site.

The decision to require the student to withdraw will be taken by the Director of the School of Social Work on the recommendation of the course director and/or the Practicum coordinator, following a meeting with the student.

Students will have access to the usual appeal procedures in such instances.

Certificates

A certificate signifies the completion of a coherent grouping of degree credit courses in a particular area of study. Certificates can be completed with, or separate from, a degree program. Certificates appeal particularly to the following people:

1. Those who have not attended university and wish to enter university by taking a certificate in an area of special interest.
2. Those who already possess a degree who wish to pursue a course of study without undertaking a second degree.
3. Those who wish to document for their employers either the acquisition of a specific set of skills or progress towards longer range educational goals.

Any York University student interested in an Atkinson certificate should contact the respective school or unit offering the certificate. Students who are already enrolled in an undergraduate degree program are expected to apply for entry to a certificate program, normally prior to completion of 36 credits of their undergraduate degree program. Applications should be obtained and filed with the school or unit administering the certificate program. Transcript notation will be made once the Registrar's Office has received notice from the unit administering the program that the student has met the requirements. Certificates will not be conferred until the candidates have successfully completed an undergraduate degree program if the student is simultaneously enrolled in a degree and certificate program.

1. Types of Certificates: Atkinson offers three types of certificates: general, professional and advanced. For titles and patterns of study, refer below.

2. Admission: The requirements for admission to a certificate are the same as those for admission to a degree. See certificate descriptions for further details.

3. Standing: Except where otherwise stated, a cumulative grade point average of 4.0 is required to satisfy certificate requirements. (Students planning to complete a degree should note the higher standing required.)

4. Certificate Requirements: Students must complete at least 18 credits at York University from among courses required and/or approved by the certificate program.

- (a) A student may repeat a passed course or its equivalent (including prerequisites) once in order to meet certificate requirements, only if the student has failed to achieve sufficient standing to proceed in a core or prerequisite course in the certificate program and if no alternative remedies are provided (e.g. alternative qualifying exam). Students should note that course availability and space considerations may preclude the possibility of repeating a course in the session they choose. Please refer to the Grading section for more information.
- (b) Some courses may have prerequisites which will increase the number of courses required for the certificate.

5. General Regulations:

- (i) Atkinson students who pursue a certificate as a first option may defer the general education requirements until the certificate is completed.
- (ii) All academic regulations applying to degree students in degree programs will apply to students in certificates.
- (iii) A student who wishes to change from a certificate to a degree must re-apply to the York University Admissions Office.
- (iv) Student who wish to take a certificate concurrently with their degree program, must submit an application to enter the certificate to the school or unit administering the certificate.
- (v) Degree courses completed towards a certificate can be credited towards a degree, subject to degree and program requirements.
- (vi) A student may acquire as many certificates as desired so long as at least 18 credits in each certificate acquired are unique to the specific certificate.
- (vii) Students enrolled in a certificate program and who are not concurrently enrolled in a degree program may take only the courses required for the completion of the certificate.

6. Advanced Standing: Advanced standing may be granted for work above the 18 credit program requirement in accordance with certificate requirements and using the minimum academic standards applied to transfer credits for degrees.

7. Completion: York University students expecting to be awarded an Atkinson certificate submit an Application for the Awarding of the certificate to the school or unit administering the certificate program prior to graduation with a York University degree program. The Faculty does not award certificates retroactively.

8. English Proficiency: (i) New students who wish to proceed to a certificate and whose York English Language Test scores indicate that they need to take an English as a Second Language course shall do so either before or concurrent with the first certificate courses. (ii) Students who wish to proceed to a certificate may take English as a Second Language as an extra course without jeopardizing their status as certificate students.

9. The pass/fail alternative grading option cannot be used for courses taken to satisfy certificate requirements.

Human Resources Management Certificate

School of Administrative Studies
Contact: Monica Belcourt

(a) Prerequisites for core requirements:

- AK/ADMS 1000 3.0
- For students with a prior business related degree, AK/ADMS 1000 3.0 is waived for program requirements and as a prerequisite for administrative studies courses.

Requirements: 27 credits including (pending Senate approval):

(b) Core requirements:

- AK/ADMS 2400 3.0; AK/ADMS 1500 3.0; AK/ADMS 2600 3.0 (formerly AK/ADMS 3480 3.0); AK/ADMS 3400 3.0; AK/ADMS 3410 3.0; AK/ADMS 3422 3.0; AK/ADMS 3430 3.0; AK/ADMS 3470 3.0; AK/ADMS 3490 3.0.

Note 1: The Human Resources Professionals Association (HRPAO) requires AK/ADMS 1500 3.0 or both AK/ADMS 2500 3.0 and AK/ADMS 2510 3.0 in order to be approved as having met the academic requirements for the HRPAO.

Note 2: Certified Human Resources Professional (CHRP) certification requirements have been changed. During the transition period, students who have started their course work can take the current route (Tier 1 and Tier 2) to certification based on the current degree/certificate programs offered by the School of Administrative Studies. Please be advised that the last exam date offered by HRPAO is September 2004 for this cohort of students. Current students also have the option of certifying under the new certification process, as of March 2003. Entering HRM program students must take the nine courses necessary for certification as a CHRP. Refer to www.hrpa.org for the requirements for the CHRP.

Note 3: Under the current certification system, which will end in 2004, to get credit for a course towards CHRP, HRPAO requires a minimum grade of 70 per cent, except in finance and accounting, where the minimum is 60 per cent. Under the new certification process, HRPAO requires an average of 70 per cent with the lowest acceptable grade in any required course of 65 per cent.

Daytime Offering: The certificate may be taken during the day over the course of two terms. Students who have completed 84 credits at York or who hold a university degree, by June 1 of the year in which they hope to enter the certificate, may apply to enrol in this intensive day-time version. Applicants must have a minimum overall grade point average of 5.0 with a major grade point average of 5.5. Successful admission will be based on the applicant's overall grade point average and relevant work experience. Decisions on admissions will be made by the designate of the dean of Atkinson (normally the coordinator of the certificate). The application deadline for admissions will normally be May 31.

Professional Ethics

School of Analytic Studies and Information Technology

Contact: Samuel B. Mallin

Ethical issues are becoming increasingly central to almost all areas of professional and public life. As work becomes faster, more technologically and bureaucratically complex, and evermore economically productive, ethical issues increase in difficulty and seriousness. As a result, the demand for people with qualifications in professional ethics is growing in all sectors. Our especially large range of courses in the area of professional ethics concentrates on real situations and case studies. Almost all of these courses are cross-listed with the relevant professional department or discipline. By taking a number of these courses, students encounter many different concrete ethical issues and learn a variety of perspectives and methodologies for dealing with them. Our style of professional ethics recognizes the diversity of values, traditions and points of view that are brought to bear today on actual current ethical problems. Nonetheless, these courses constantly attempt to integrate this situational approach by means of a search for generally applicable methodologies and ways of theorizing such issues. The certificate therefore gives students a wide range of experience and methodologies for understanding institutional practices that deal with ethical issues in the public and private sectors. They develop capacities to flexibly adapt this knowledge to different institutions and unforeseen ethical problems in such areas as education, business, health, media, government, law, social work, politics and personal life. Because the resolution of concrete ethical issues needs a creative response to the particularities of unforeseen situations, practice on cases in a number of different institutions and professions helps one to prepare for dealing with problems in one's own.

The Certificate in Professional Ethics is based in Atkinson's School of Analytic Studies and Information Technology. It is a direct entry program that is available to any students admitted to Atkinson or the University.

Students wishing to enrol or make inquiries should contact Atkinson's School of Analytic Studies and Information Technology, 527 Atkinson, 416-736-5232, Fax 416-736-5188, e-mail: akphil@yorku.ca. The requirements for the certificate are as follows:
