Certificate in Business Fundamentals

Note: For purposes of meeting certificate requirements, all foundations courses will count as six credits.

York University students may earn a Certificate in Business Fundamentals concurrent with fulfillment of the requirements for an Honours undergraduate BA degree. This certificate is open to students in all undergraduate faculties except for students enrolled in the Schulich School of Business bachelor of business administration program or the Atkinson bachelor of administrative studies program. Students may not

earn both a Certificate in Business Fundamentals and a Certificate in Non-Profit Management.

To qualify for possible admission to the Certificate in Business Fundamentals, students must complete 30 credits from a list of approved courses, and the cumulative grade point average in these 30 credits must be 5.0 (C+). There are a limited number of spaces available in the Certificate in Business Fundamentals, and therefore meeting the minimum requirements for application will not guarantee admission to the Certificate program. In order to be granted the Certificate in Business Fundamentals upon graduation, students must be qualified to graduate with an Honours BA (120 credits) and must therefore maintain an overall grade point average of 5.0 (C+) on all courses completed.

Application to the Certificate in Business Fundamentals may be made only after successfully completing at least 54 credits, and the successful completion of the following requirements with a minimum overall grade point average of 5.0 (C+).

Course requirements and application/admission requirements for the Certificate in Business Fundamentals are as follows:

- AS/ECON 1000 3.00, or equivalent;
- AS/ECON 1010 3.00, or equivalent;
- At least three credits chosen from: AS/MATH 1300 3.00, or AS/MATH 1530 3.00, or AS/MATH 1550 6.00, or equivalent;
- At least three credits chosen from: AS/MATH 2560 3.00, or AS/ECON 2500 3.00, or AS/POLS 3300 6.00, or AS/PSYC 2020 6.00, or AS/PSYC 2021 3.00, or AS/SOCI 3030 6.00, or equivalent;
- At least six credits chosen from: AS/POLS 2910, or AS/ECON 2300 3.00, or AS/ECON 2350 3.00, or AS/ECON 2400 3.00, or AS/ECON 2450 3.00, or AS/MATH 2580 6.00, or AS/PHIL 2070 3.00, or AS/PHIL 2075 3.00, or AS/SOSC 2210 9.00, or AS/SOSC 2340 9.00, or equivalent.

Note: Students may take courses through Atkinson or Glendon (subject to degree credit exclusion(s) and in-Faculty regulations).

Students in an Honours undergraduate BA program who have successfully completed at least 54 credits with an overall grade point average of 5.0 (C+), and who will also have successfully completed the requirements listed above by June 1 may apply to the Certificate in Business Fundamentals by March 30 of the year these requirements will be completed. The minimum acceptable overall grade point average for application and possible admission is 5.0 (C+). Since there are a limited number of spaces available, successful admission will be based primarily on the applicant's overall grade point average.

If admitted, students must successfully complete the following courses offered by the Schulich School of Business in the following sequence and over two academic sessions:

- SB/BFND 3100 3.00;
- SB/BFND 3200 3.00 (*Note: Degree credit exclusions: AS/ECON 3580 3.00 and AS/ECON 3590 3.00. Students who have successfully completed AS/ECON 3580 3.00 and AS/ECON 3590 3.00 with a minimum grade of C+ in each may not enrol in SB/BFND 3200 3.00, and are therefore exempt from this requirement.*);
- SB/BFND 4100 3.00;
- and SB/BFND 4200 3.00.

In order to be granted the Certificate in Business Fundamentals upon graduation, students must be qualified to graduate with an Honours BA (120 credits) and must therefore maintain an overall grade point average of 5.0 (C+) on all courses completed.

Further information about the Certificate in Business Fundamentals is available from the coordinator of the Business and Society Program.

Centre for Academic Writing

The Centre for Academic Writing assists students to become effective independent writers, within both their academic life and elsewhere. The primary means of achieving this objective is through the centre's individualized tutoring program. All Faculty of Arts students are eligible to enrol in this program and take advantage of the opportunity to work on their writing with one of the centre's experienced faculty. The centre also regularly offers mini-courses on various issues related to writing effectively in university.

In addition, students can enrol in one of the centre's credit courses on writing in the humanities or the social sciences. These courses provide the opportunity for students to develop their writing in all phases: research,

composing, drafting and revising by learning to integrate the latest research on the writing process into these activities.

Communication Arts – Joint Program With Colleges of Applied Arts and Technology

Students in the Faculty of Arts may study concurrently towards an Honours BA or BA degree at York and a diploma or certificate in one of four areas of study in communication arts at Centennial or Seneca College. The following areas are available through the Community Colleges:

- book and magazine publishing (Centennial - certificate)
- corporate communications (Centennial - diploma)
- creative advertising (Seneca - diploma)
- radio and television broadcasting (Seneca - diploma)

Faculty of Arts students in an Honours BA program are eligible for entry to the joint program after the successful completion of a minimum of 90 credits at York, and students in a BA program are eligible for entry after the successful completion of 60 credits at York. All students must complete the requirements for an Honours BA or BA degree in the Faculty of Arts. The joint program normally takes one year longer to complete because some advanced standing credit is given by York and the college, if conditions of eligibility for advanced standing are met. For further information, contact the Advising Centre, Faculty of Arts, South 319 Ross, 416-736-5022.

The Creative Writing Program is an honours program. Students who wish to apply for admission to the Creative Writing Program are strongly advised to take one of the following courses among their first 30 university credits:

- AS/EN1200 6.00;
- AS/EN 1250 3.00;
- AS/EN 1300 6.00;
- AS/EN 1350 3.00;
- AS/HUMA 1100 9.00;
- AS/HUMA 1105 9.00;
- AS/HUMA 1170 9.00;
- AS/HUMA 1980 9.00.

Note: A maximum of six credits from the courses listed above will count for creative writing major or minor credit.

Students wishing to major or minor in the Creative Writing Program should apply for admission to AS/HUMA 2900 9.00 at the end of their first year of study. For admission to AS/HUMA 2900 9.00 students should submit a 10-15 page portfolio of poetry and prose fiction (fragments of stories will suffice) by April. Students will be eligible to enrol in AS/HUMA 2900 9.00 only after portfolios have been accepted by the Creative Writing Committee.

Students must successfully complete AS/HUMA 2900 9.00 or its equivalent before applying for admission to the Creative Writing Program as a major or minor. Students taking AS/HUMA 2900 9.00 who wish to obtain full admission to the program as a major or minor should submit a 15-20 page portfolio of poetry and prose fiction following completion of AS/HUMA 2900 9.00. Students may also apply for full admission after their first 48 credits and before completion of their first 78 credits by presenting a portfolio containing work in both poetry and prose fiction as evidence of writing experience equivalent to that provided by AS/HUMA 2900 9.00. In either case, applicants must also fill out a Creative Writing Program application form. Acceptance of the portfolio by the Creative Writing Committee constitutes full admission to the Honours Major or Honours Minor program.

It is strongly recommend that students in the Honours BA program combine creative writing with another major or minor. Students admitted to the Honours Major or Honours Minor program should attend the advising session provided by the Creative Writing Program, which is normally held in the spring. Please consult the program office for more information.

East Asian Studies

Note: For purposes of meeting program requirements, all foundations courses will count as six credits towards the major or minor.

The East Asian Studies Program offers a number of undergraduate degree programs, the requirements for which are described in detail in the following sections. These degree programs have certain characteristics in common:

1. The focus of the degree programs is on the modern period. However, it is emphasized that students should also learn to appreciate the cultural traditions behind developments during the 19th and 20th centuries.

2. East Asian studies is an interdisciplinary program. Students are trained to use the concepts, skills and information of at least two academic disciplines.

3. Competence in an East Asian language (usually Chinese or Japanese) is a feature of all the degree programs except the Honours Minor.

Within the general guidelines and requirements, a student could choose from a rich array of course offerings every year to create a combination which best serves their academic interests and career aspirations. Students should consult the coordinator when designing their programs of study.

Program Distribution Requirements (Common to all Programs)

1. A student must complete courses in East Asian studies from at least two departments or divisions.
2. A student must complete at least one course which is concerned mainly with pre-modern East Asia.
3. Students concentrate in either Chinese or Japanese studies, but must also study other East Asian cultures outside their area of concentration:
 - a) A student who concentrates in Chinese studies must complete at least 12 credits in non-Chinese subjects within East Asian studies;
 - b) A student who concentrates in Japanese studies must complete at least 12 credits in non-Japanese subjects within East Asian studies;
 - c) Language/translation courses will not meet program distribution requirements.
4. All students must complete at least one of the following core courses: AS/HUMA 1400 9.00, or AS/CH 2700 6.00, or AS/HIST 2710 6.00.

Specialized Honours BA Program

Students will take at least 54 credits in from the East Asian studies list of courses, including at least one core course (AS/HUMA 1400 9.00, AS/CH 2700 6.00, or AS/HIST 2710 6.00) and at least 12 credits (other than language/translation courses) at the 4000 level. Demonstrated competence in an East Asian language (usually Chinese or Japanese) at the advanced level is required. This requirement would normally be met by successful completion of AS/CH 3000 6.00 or AS/JP 3000 6.00. It may also be met by passing a competency test, or by successful completion of another course recognized for the purpose.

Honours BA Program

Students will take at least 42 credits from the East Asian studies list of courses, including at least one core course (AS/HUMA 1400 9.00, AS/CH 2700 6.00, or AS/HIST 2710 6.00) and at least 12 credits (other than language/translation courses) at the 4000 level. Demonstrated competence in an East Asian language (usually Chinese or Japanese) at the intermediate level is required. This requirement will normally be met by successful completion of AS/CH 2000 6.00 or AS/JP 2000 6.00. It may also be met by passing a competency test, or by successful completion of another course recognized for the purpose.

Honours Double Major BA Program

The Honours BA program described above may be pursued jointly with any other Honours bachelor's degree program in the Faculties of Arts, Environmental Studies, Fine Arts, or with a major in earth and atmospheric science or physics and astronomy in the Faculty of Pure and Applied Science.

interdisciplinary program. For further details of requirements, see the listings for specific Honours Double Major Interdisciplinary BA programs.

Honours Major/Minor BA Program

The Honours BA program described above may be pursued jointly with any Honours Minor bachelor's degree program in the Faculties of Arts, Environmental Studies, Fine Arts, or with a minor in biology, chemistry, or physics and astronomy in the Faculty of Pure and Applied Science.

Honours Minor BA Program

The Honours Minor must be pursued jointly with an Honours BA program in the Faculty of Arts.

The Honours Minor in East Asian studies comprises at least 30 credits from the East Asian studies list of courses (other than language/translation courses), including at least one core course (AS/HUMA 1400 9.00, AS/CH 2700 6.00, or AS/HIST 2710 6.00) and six credits at the 4000 level. 18 of the 30 credits must be above the 2000 level.

Economics

Eligibility for all economics programs and for the intermediate theory courses requires successful completion of AS/ECON 1000 3.00/1010 3.00 and AS/ECON 1530 3.00/1540 3.00 or equivalent.

AS/ECON 2300 3.00 must be successfully completed before AS/ECON 2350 3.00, and AS/ECON 2400 3.00 must be successfully completed before AS/ECON 2450 3.00. These courses cannot be taken concurrently.

All economics majors and minors should note that half (50 per cent) of the required theory courses (AS/ECON 1000 3.00/1010 3.00; AS/ECON 2300 3.00/2350 3.00, AS/ECON 2400 3.00/2450 3.00 and, where applicable, AS/ECON 4000 3.00/4010 3.00) must be taken in the Faculty of Arts. Half (50 per cent) of the total major or minor requirements must also be taken in the Faculty of Arts. Courses taken at Atkinson, Glendon, or other Faculties or universities count as out-of-Faculty courses.

For double major and major/minor programs: economics courses that are borrowed to satisfy requirements of other programs may not be double-counted; they need not be replaced as long as the Faculty of Arts minimum major requirement is satisfied.

Students are responsible for meeting all listed prerequisites prior to enrolment in courses.

Economics and Business

Specialized Honours BA Program

The Department of Economics offers a limited enrolment Specialized Honours BA Program in Economics and Business. Students who have taken 12 prerequisite credits with the required minimum program averages are encouraged to apply for admission to the program in January of the academic session in which they are completing their first year (normally 24 to 30 credits). The required average in the prerequisites (and any additional core courses) is B or 6.0, and the required overall average is C+ or 5.0. Applications received after the deadlines--the first Monday in February and before August 1—may be wait-listed. Because competition is keen, admission is not guaranteed for all students with the minimum requirements.

Students must maintain a **grade point average of at least 6.0 (B)** in all required courses in order to continue in, and graduate from, the program. Because some of the program's core and area of concentration courses have specific prerequisites, students may be required to complete additional courses to fulfill the economics and business requirements. Students are encouraged to regularly review degree requirements. Appointments can be made by contacting Economics and Business, 1144 Vari Hall, 416-736-5322.

Students majoring in economics and business must complete 78 credits in the program, as outlined below.

With the approval of the coordinator of the program, students may design their own area of concentration; such courses may be drawn from the offerings of any of the undergraduate Faculties.

English

All students majoring in English must take six credits in a 1000-level English course among their first 60 university credits. Students majoring in

English are advised to take at least 12 credits in 2000-level English courses among their 30th to 60th credits. Students may only count six credits from a 1000-level English course towards their major program.

For a complete list of courses and detailed reading lists, see the department's supplemental calendar.

Students intending to proceed to graduate school should take a broad range of courses, should avoid concentration in a particular period or genre, and, in consultation with a member of the English Department, should plan a degree program with the understanding that certain traditional subjects may be regarded as essential by some graduate schools.

Students intending to teach in Ontario schools must meet the varied requirements of various Faculties of Education, and are advised to construct a balanced degree program by doing at least some work in each major period in literary history: such students should consult specific Faculties of Education about their regulations.

Students are responsible for planning their course of study and for ensuring that all degree and major requirements are met. Members of the department will be available during the summer months, as well as during the term, to advise those students who have questions about their program or about English studies in general. Enquiries may be made through the Undergraduate Office, 208 Stong, 416-736-5166.

English as a Second Language

The Department of Languages, Literatures and Linguistics offers courses in English as a Second Language. See English as a Second Language in the Courses of Instruction section. The Department of Languages, Literatures and Linguistics also offers a certificate in teaching English to speakers of other languages. See the Certificate in Teaching English to Speakers of Other Languages (TESOL) section.

European Studies

Note: For purposes of meeting program requirements, all foundations courses will count as six credits towards the major or minor.

Honours Double Major Interdisciplinary BA Program

The European Studies Program is an Honours Double Major Interdisciplinary BA program. European studies majors must co-major in another department/discipline in the Faculty of Arts. Students must take at least 36 credits in the European Studies Program and at least 36 credits in the co-major according to the requirements and regulations specified by each department/discipline for an Honours Double Major Interdisciplinary BA program. Courses taken to meet European studies requirements cannot also be used to meet the requirements of the departmental/divisional major. Students in these interdisciplinary programs must take a total of at least 18 credits at the 4000 level, including at least six credits in European studies and six credits in the departmental/divisional major. For further details of requirements, see the listings for specific Honours Double Major Interdisciplinary BA programs.

Students must complete 36 credits from the European studies list, all distinct from the courses in their other major. The European studies courses must include the following:

- AS/HUMA 2195 9.00;
- 30 credits, including six credits at the 4000 level, to be chosen from the list of European studies courses selected in consultation with the program coordinator.

Students must also satisfy a language requirement. They may do so by completing six credits in a European language (other than English) or by passing an approved competency test in a European language (other than English).

Note: A maximum of 12 credits in language courses will be counted towards the European studies major.

Honours Minor BA Program

The Honours Minor must be pursued jointly with an Honours BA program in the Faculty of Arts. Courses taken to meet European studies requirements cannot also be used to meet the requirements of the major program.

The Honours Minor in European studies comprises at least 30 credits including the following:

- AS/HUMA 2195 9.00;
- 24 credits, including six credits at the 4000 level, to be chosen from the list of European Studies Program courses selected in consultation with the program coordinator.

Students must also satisfy a language requirement. They may do so by completing six credits in a European language (other than English) or by passing an approved competency test in a European language (other than English).

Note: A maximum of 12 credits in language courses will be counted towards the European studies minor.

Note: Faculty of Arts legislation requires that, in order to obtain an Honours BA (120 credits), students must take a total of at least 18 credits at the 4000 level, including at least 12 credits at the 4000 level in each Honours major or Specialized Honours major.

Streams

In areas where curricular resources suffice, such as France, Germany, Greece, Italy, Portugal, Spain, or Russia, students in European studies may focus on a national or regional stream. Subject to the approval of the program coordinator, students who successfully complete at least 18 credits within such a stream will qualify to have this curricular focus noted on their transcript. Thus, a student might graduate with in political science and European studies (focus: Greece) or Italian and European studies (focus: Italy), or history and European studies (focus: Spain). Students who choose not to focus on a particular stream would graduate with a degree in the relevant major and a major or a minor in European studies.

Study Abroad

Students in European studies are encouraged to spend at least one academic term studying at a European university. Students will be informed of the available exchange opportunities at the beginning of the fall academic session. The level of language facility generally required is equivalent to completion of at least the intermediate level, and students are

encouraged to achieve such a level. Subject to the coordinator's approval, as well as letter of permission, study abroad, transfer credit, and in-Faculty regulations, courses successfully completed on such exchanges will be accepted for credit towards the major/minor and, if applicable, towards the stream in European studies.

European Studies Courses

Not all of the courses listed below will necessarily be offered in any given year. For more information, please consult the relevant supplemental calendar.

With the approval of the program coordinator, students may complete other courses for credit in European studies. Subject to degree credit exclusion and in-Faculty regulations, students may complete courses offered outside of the Faculty of Arts for credit in European studies.

Note: For purposes of meeting program requirements, all foundations courses will count as six credits towards the major or minor.

All courses offered in the Department of French Studies (AS/FR) may count for major or minor credit in European studies.

All courses offered in the Department of Languages, Literatures and Linguistics from the following sections may count for major or minor credit in European studies: German (AS/GER), Modern Greek (AS/GKM), Italian (AS/IT), Portuguese (AS/POR), Russian (AS/RU) and Spanish (AS/SP).

Note: For courses offered in the Department of French Studies and the Department of Languages, Literatures and Linguistics, please consult the European studies supplemental calendar (or Web site) to determine which courses count as language courses. For courses offered by Atkinson and Glendon that may be appropriate for this program, consult with a program adviser or the coordinator.

French Studies

The Department of French Studies offers courses in three curricular areas: language, linguistics, and literature.

The language sequence is a required series of language-skills courses which prepare the student for further study in the areas of linguistics and literature. AS/FR 1080 6.00 is a prerequisite to all other 2000-level courses in the department. Students who have successfully completed AS/FR 1030 6.00 or its equivalent will be eligible to take AS/FR 1080 6.00. Students enrolling in a Faculty of Arts French course for the first time must complete a French language questionnaire prior to enrolment. Failure to do so will result in denial of access to the course, and/or de-enrolment from the course.

In order to proceed to any French studies course offered at a higher level, students must obtain a minimum grade of C in each course taken within the language sequence. Students majoring or minoring in French studies

must take all levels of the language sequence courses unless they are exempted from one or more levels on the recommendation of the department.

To this core of language-skills courses, majors will add further courses in French linguistics and in French literature. Students are advised that their choice of courses is also governed by departmental regulations specifying the numbers and levels of courses taken to satisfy the various program requirements. Students are encouraged to meet with the undergraduate program director.

The Department of French Studies offers three French language courses for non-majors/minors: AS/FR 1020 6.00, AS/FR 1030 6.00, and AS/FR 1060 6.00.

Students may take one academic session (which cannot be their graduating year) at a francophone university. In the case of students entering this program after the completion of 24 credits, a grade of B+ in AS/FR 1080 6.00 is the minimum requirement. For students entering the program after the successful completion of 48 credits, a grade of B+ in AS/FR 2081 3.00 or AS/FR 2082 3.00 (or equivalent) is the minimum requirement. A minimum grade of B in either AS/FR 2100 6.00 or AS/FR 2200 6.00 is also required. In all cases, the student must have a sessional average of 6.0 (B) or above. Detailed information concerning this extramural year is available from the Department of French Studies or International@York.

For graduate programs in French Literature, several periods of French literature may be required. For graduate programs in French Linguistics, for certain French teaching programs (BEd, MEd, M.A.T.), or for schools of translation and interpretation, an undergraduate concentration in French linguistics may be favoured. Degree students may take more than the minimum number of required courses at any level.

Students may count a maximum of six humanities credits at the 1000 level for credit towards the major/minor in humanities.

Enrolment in 3000-level humanities courses requires the fulfilment of one of the following requirements: a previous humanities course or permission of the instructor. 3000-level humanities courses with these prerequisite requirements will be clearly identified in the Humanities Supplemental Calendar. Failure to satisfy the listed prerequisite requirement will result in being denied access to the course and/or de-enrolment from the course.

A number of courses in humanities were designed as creative writing courses intended to accommodate students with specific interests in that area. These courses are AS/HUMA 3640 6.00, AS/HUMA 4630 6.00, AS/HUMA 4640 6.00, none of which may count toward a degree in humanities, nor satisfy the interdisciplinary requirements of the Faculty of Arts.

Students wishing to major or minor in humanities must contact the director of undergraduate studies, 203 Vanier College, in order to discuss their proposed program of study and arrange for a program adviser with congruent academic interests.

The following interdisciplinary Honours programs are associated with the Division of Humanities: classical studies, classics, creative writing, East Asian studies, European studies, Hellenic studies, Latin American and Caribbean studies, religious studies, and science and society. Each of these programs are designed to permit students to follow a flexible curriculum of studies with various departments and other area studies programs, along with interdisciplinary courses in the division. Individualized Studies

Specialized Honours BA Program

The Specialized Honours Program in Individualized Studies is designed for students who wish to pursue a topic or line of enquiry that requires drawing together courses from several of the University's disciplines or fields of study.

Students interested in pursuing an individualized studies degree will be asked by the coordinator to prepare a statement describing the particular subject they wish to pursue. They will also be asked to identify a set of courses, from the Faculty of Arts and elsewhere, which are relevant to this theme. If the coordinator is satisfied that the proposed subject cannot be adequately pursued under an established program or departmental major and that sufficient courses and faculty expertise exist to support individualized study in the area in question, the student will be permitted to enter the Individualized Studies Program. Normally, students are eligible to join the program if they have completed at least 24 credits and no more than 66 credits by the start of the academic year.

Students in individualized studies must successfully complete and follow all the regulations for a degree in Specialized Honours in the Faculty of Arts. In addition, they must take, as part of the 54 credits relevant to their theme, the Individualized Studies Thesis Course, AS/INDV 4000 6.00. This course is to be taken during the student's final year of study.

Honours Double Major Interdisciplinary BA Program

The Law and Society Program is an Honours Double Major Interdisciplinary BA program. The program is housed in the Division of Social Science. Law and society majors must co-major in another department/discipline in the Faculty of Arts. Students must take at least 36 credits in the Law and Society Program and at least 36 credits in the co-major according to the requirements and regulations specified by each department/discipline for an Honours Double Major Interdisciplinary BA program. Students

interested in this program must arrange their program of study in consultation with the program coordinator.

Students may count a maximum of six credits of either AS/SOSC 1210 9.00 or AS/SOSC 1350 9.00 towards the Honours degree in law and society.

Students in the Faculty of Arts who complete the Honours Double Major Interdisciplinary BA Program in Law and Society and an affiliated department may apply to enter the Court and Tribunal Administration program or the Legal Assistant program offered by Seneca College of Applied Arts and Technology. York students are required to complete specific courses within the Law and Society Program in order to be eligible for admission consideration to the abbreviated one year diploma program at Seneca College. General Certificate in Law and Society

Note: For purposes of meeting certificate requirements, all foundations courses will count as six credits.

York University students may earn a General Certificate in Law and Society concurrent with fulfillment of the requirements for a bachelor's degree. This certificate is not, however, open to students who are pursuing or who already hold a degree in law and society.

To qualify for the General Certificate in Law and Society, students must complete 24 credits from a list of approved law and society courses, and the cumulative grade point average in these 24 credits must be 5.0 (C+) or higher.

Course requirements for the general certificate are as follows: AS/SOSC 2350 6.00 and 18 additional credits from among the courses recognized as satisfying the degree requirements in the Law and Society Program. At least six credits must be taken at the 4000 level. A maximum of 12 credits may be offered by the Political Science Department. Courses taken may not be used to fulfill both the public policy and administration degree and the General Certificate in Law and Society. For a current list of approved courses, see the law and society section of this calendar. Further information about the General Certificate in Law and Society is available from the coordinator of the Law and Society Program.

York-Seneca Joint Program in Psychology and Rehabilitation Services

This program allows a student to complete a BA or an Honours BA degree in psychology at York in conjunction with a Certificate in Rehabilitation Counselling. The certificate is awarded jointly by York University and Seneca College. A full-time student would normally require four years of

study for a BA degree, and five years of study for an Honours BA degree, in the joint program.

In order to fulfill the requirements of a BA in psychology, a student is required to take a minimum of 30 (but not more than 36) credits in psychology, including AS/PSYC 1010 6.00 (with a minimum grade of C). For an Honours BA in psychology, a minimum of 42 (but not more than 48) credits in psychology are required. (See degree program requirements.)

During years 3 and 4, students will normally take 30 credits at York, from the required program list, and the equivalent of 30 credits will be chosen from the Seneca offerings. In addition to in-class academic instruction, students are required to complete two full year (September - April) courses involving a total of 800 hours of supervised fieldwork in each of the three major domains of rehabilitation: physical, emotional, and developmental. Programs will be tailored to each student through discussion with the coordinators. Minimum academic requirement for applicants is a 5.0 grade point average in the first 60 credits.

Admission Requirements and Procedures

Students who wish to enter the Rehabilitation Services Program should apply in the January preceding the final year of their BA degree program to the departmental program office. Generally, a student who demonstrates good intellectual ability, emotional stability and a strong interest in working with the disabled will be considered for entry into the program. Applicants must have:

- completed 60 University-level credits towards a BA or 90 University-level credits towards an Honours BA with a minimum cumulative grade point average of 5.0;
- completed an Introduction to psychology course (with a minimum grade of C);
- fulfilled the general education requirements of York University;
- previous employment or volunteer work in the field of rehabilitation.

Application materials for students currently enrolled at York University may be obtained by contacting Sandra Locke, 281 Behavioural Sciences Building, 416-736-5115, extension 66210; e-mail: slocke@yorku.ca.

Students from other universities should apply through the York University Admissions Office. In order to be considered for admission, applicants must submit a complete application (i.e., application form, official transcripts, and two letters of recommendation). Complete applications received by the deadline (March 1) will be rank-ordered according to academic standing and previous experience in the field of rehabilitation. The top applicants will be interviewed jointly by York and Seneca coordinators.

Certificate in Teaching English to Speakers of Other Languages (TESOL)

York University students may earn a Certificate in Teaching English to Speakers of Other Languages (TESOL) concurrent with fulfillment of the requirements for a bachelor's degree. To qualify for admission to the Certificate in TESOL, students must have successfully completed at least 24 credits with a minimum grade point average of 4.0 (C). The certificate is also open to students who have been granted a bachelor's degree with a minimum grade point average of 4.0 (C) or equivalent. All applicants will be required to submit a supplementary application, which will include a statement of purpose.

Students may begin the program in either May or September. The application deadline for May entry is March 31, and the application deadline for September entry is June 30. Late applications for either entry will be considered, but space may be limited. Those entering in May can complete certificate requirements in one calendar year. Those entering in September normally require two years to complete certificate requirements.

Continuing students may pick up an application form from the Department of Languages, Literatures and Linguistics, and students who hold a bachelor's degree should contact the Office of Admissions for an application form.

As there are a limited number of spaces available in the certificate in TESOL, meeting the minimum requirements for application will not guarantee admission to the certificate program.

The certificate requires the successful completion of 30 credits as follows:

- AS/LING 1000 6.00 or AS/LING 2060 6.00;
- AS/LING 3240 3.00;
- AS/LING 3600 3.00;
- AS/LING 3160 3.00;
- three credits chosen from the following: AS/LING 2110 3.00, AS/LING 2400 3.00, AS/LING 2430 3.00, or AS/LING 2450 3.00;
- ED/TESL 3200 6.00;
- ED/TESL 3300 6.00.

Continuing students must successfully complete a bachelor's degree (90 credits) or an Honours bachelor's degree (120 credits) in order to be awarded the certificate. 18 of the 30 credits required for the certificate in TESOL will be counted towards the bachelor's degree and the 12 credits taken in the Faculty of Education will be in addition to the total number of credits required for the bachelor's degree or the Honours bachelor's degree.

Students who already hold a bachelor's degree may be exempted from a maximum of 12 of the required 30 credits, if equivalent courses have been successfully completed. Exemptions will not be given for the following required courses: AS/LING 3600 3.00, ED/TESL 3200 6.00, and ED/TESL 3300 6.00.

Further information about the Certificate in TESOL is available from the coordinator of the TESOL program or from the Department of Languages, Literatures and Linguistics.

General Certificate in Urban Studies

Note: For purposes of meeting certificate requirements, all foundations courses will count as six credits.

York University students may earn a General Certificate in Urban Studies concurrent with fulfillment of the requirements for a bachelor's degree. This certificate is not, however, open to students who are pursuing or who already hold a degree in urban studies.

To qualify for the General Certificate in Urban Studies, students must complete 24 credits from a list of approved urban studies courses, and the cumulative grade point average in these 24 credits must be 5.0 (C+) or higher.

Course requirements for the general certificate are as follows:

- AS/SOSC 2710 9.00 or AS/SOSC 2730 6.00;
- 18 additional credits from among the courses recognized as satisfying the degree requirements in urban studies, including at least six credits at the 4000 level.

- an advising appointment with a faculty member teaching in one of the core courses in the Urban Studies Program.

Courses taken to fulfill the requirements for the General Certificate in Urban Studies may not also be used to fulfill requirements for the degree in public policy and administration. For a current list of approved courses, see the urban studies section of this calendar. Further information about the General Certificate in Urban Studies is available from the coordinator of the Urban Studies Program, or the coordinator of the Public Policy and Administration Program.

Women's Studies

The School of Women's Studies offers a consolidated undergraduate program which brings together the Women's Studies Programs from the Faculties of Arts, Atkinson and Glendon. This merged undergraduate program provides students with increased flexibility and access to a greater number and variety of women's studies courses. Courses offered through the School of Women's Studies will count as in-Faculty courses for Arts, Atkinson and Glendon students,

and will be offered during the day and evening on both the Keele campus and the Glendon campus. Please consult the School of Women's Studies supplemental calendar for further information, available at the school's main office, South 711 Ross, 416-650-8144 (press 1).

The undergraduate women's studies curriculum is built around four different kinds of courses.

1. Required Courses

- WMST 2500 6.00 or WMST 2510 9.00: required for all women's studies majors;
- WMST 4500 6.00: required for all women's studies majors in an Honours BA program.

2. Core Courses

The core courses are offered by the School of Women's Studies and, like the required courses, have the second digit 5 in the course number, e.g. WMST 2500 6.00. Students are required to select between 12 and 24 credits of core courses depending on their degree program. Core courses cover themes deemed essential to women's studies and will explicitly aim to develop critical reading, writing and oral presentation skills, research skills and more advanced research and theoretical skills as appropriate to the course and year level. The required and core courses will:

- focus primarily on women;
- be taught from feminist perspectives;
- be interdisciplinary;
- address the intersections of race, ethnicity, disability, sexual identity and gender;
- acknowledge the different perspectives on women in a global context;
- explicitly identify the critical skills to be developed in the course.

3. Non-Core Courses

The School of Women's Studies will offer a small number of non-core courses designed to serve a narrower disciplinary focus than the core courses, meet a particular program need (e.g. independent study or special topics courses), or appeal to non-women's studies majors. These courses will have the second digit 8 in the course number, e.g. WMST 2801 6.00.

4. Courses Offered by Other Units

Courses offered by other teaching units may be accepted for program credit or cross-listed with the School of Women's Studies. These courses

will count towards the major requirements in women's studies. Please consult the School of Women's Studies mini-calendar, available in the school's main office, South 711 Ross Building, 416-650-8144 (press 1).
